Premises Management Policy

Reviewed by	Site Manager
Approved by	Finance & General Purposes Committee
Date of Approved	15 th September 2023
Date of Review	September 2024

1. Aims

Our school aims to ensure that it:

- Manages its buildings and equipment in an efficient, legally compliant way
- Inspects and tests buildings and equipment regularly, taking into account statutory requirements and best practice recommendations
- Promotes the safety and wellbeing of our staff, pupils, parents and visitors through effective

maintenance of buildings and equipment in accordance with the [Health and Safety at Work etc. Act 1974](#)

- **Academies:** Complies with the requirements of [The Education \(Independent School Standards\) Regulations 2014](#)

2. Guidance

This document is based on the Department for Education's guidance on [good estate management for schools](#).

This policy complies with our funding agreement and articles of association.

3. Roles and responsibilities

➤ Academies have sole responsibility for the safe management of premises

The governing board, Headteacher and Site Manager will ensure this premises management policy is properly implemented, and that tests and inspections are carried out in accordance with this policy.

The Head Teacher and Site Manager are responsible for ensuring relevant risk assessments are conducted and for reporting to the governing board, as required.

The Site Manager is responsible for:

- Inspecting and maintaining the school premises
- Conducting repairs and maintenance
- Being the first point of contact for any issues with the premises
- Conducting and keeping a record of risk assessments and incident logs related to the school premises
- Liaising with the headteacher about what actions need to be taken to keep the school premises safe

This list is not intended to be exhaustive.

4. Inspection and testing

We maintain accurate records and details of all statutory tests which are undertaken at our premises. This includes relevant paperwork and certificates.

All requirements and recommendations highlighted in inspection reports and certificates are reviewed and acted on as necessary.

As part of the records of completed works, we include the dates when the works were undertaken and the details of the individual or company who completed them, along with their qualifications/certifications and/or experience.

The table below sets out the issues we inspect, the inspection frequency, and the person responsible for checking each issue and, where appropriate, engaging a suitably qualified person to carry out inspection, testing or maintenance. It covers statutory checks as well as recommended good practice checks from relevant guidance. It is based on the [checks and testing sections of the DfE estates guidance](#).

ISSUE TO INSPECT	FREQUENCY	PERSON RESPONSIBLE
Portable appliance testing (PAT)	Variable, according to risk and how the equipment is constructed. Regular visual inspections where PAT is not required. We will refer to HSE guidance on maintaining portable electric equipment for suggested intervals and types of testing/inspection.	The Site Manager is responsible for ensuring that PAT Testing is completed in Line with the HSE Guidelines and IEE wiring regulations.
Fixed electrical installation tests (including lightning conductors)	Variable, according to the number and severity of faults found at last inspection. Inspection and testing always carried out by a competent person.	The Site Manager is responsible for ensuring that electrical installation tests are carried out every 5 years to comply with IEE wiring regulations. Lightning conductors should be checked annually.
Emergency lighting	Monthly flash test. 6-monthly condition test (including 3-hour battery test) by a competent person.	The Site Manager and team are responsible for monthly and quarterly checks. The 50% compliance test and full discharge is contracted out to ADT Fire and Security.

The site is currently 50PPM and the next test will be in May 2026.

5. Risk assessments and other checks

Please refer to our Health and Safety policy for information about the school’s approach to risk assessment.

We also make sure further checks are made to confirm the following:

- Correct and up-to-date information is displayed in all notices
- All risk assessments are annually reviewed

- Compliance with the Construction (Design and Management) Regulations 2015 during construction projects
- Contractors have the necessary qualifications to carry out the specified work
- Compliance with the Equality Act 2010 when making changes or alterations to a building or the external environment

6. Monitoring arrangements

The application of this policy is monitored by the Site manager and Headteacher through, among other things, visual checks of the school site and equipment, and checks of risk assessments. Copies of risk assessments and paperwork relating to any checks are kept in the Site Office.

This policy will be reviewed by The Headteacher annually. At every review, the policy will be shared with and approved by the Finance & General Purposes Committee.
